SUMMARY

IT student at Pokhara University – Medhavi College with hands-on experience in graphic design, front-end development, and PHP/MySQL projects. Skilled in creating visually appealing designs and functional web applications. Strong understanding of responsive UI, modern web technologies, and logical problem-solving. Passionate about building user-friendly digital solutions and learning advanced frameworks.

TECHNICAL SKILLS

- Frontend Development: React.js, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+)
- Backend & Database: PHP, MySQL
- Design & Multimedia: Adobe Photoshop, Adobe After Effects (AE)
- Tools & Version Control: Git, GitHub, VS Code
- Other Skills: Responsive web design, UI/UX design, animations

PROJECT EXPERIENCE

·Online Library Management System
- Built a functional system for adding, editing, and deleting books.
- Designed user login system with session management.
- Created admin panel with clean UI using HTML/CSS.
- Implemented search and filter features for easy navigation.

Event Management System
- Developed a complete event management system with venue listing, catering services, and booking features.
- Implemented user login & admin panel with add/view/edit/delete event functions.
- Added search, filter, sorting, and popup details view for better user experience.
- Designed responsive UI and handled database operations for smooth performance.
- Integrated session management, validation, and image display for each event/venue.

Portfolio Website (In Progress)
- Developing a personal portfolio website using React.js and Tailwind CSS
- Will include projects showcase, animated sections, and responsive layout
- Focused on modern UI design, interactivity, and professional presentation.
